Today's Program

Ruth Goode United Way of Forsyth County

The mission of United Way of Forsyth County is to improve lives in Forsyth and Dawson Counties by mobilizing the caring power and spirit of our citizens.

United Way of Forsyth County is a local, autonomous organization whose Board of Directors as well as Dawson County's Advisory Board makes decisions based on the needs of each of their local communities. The staff and volunteers are your friends, neighbors, and co-workers with a vested interest in Forsyth and Dawson County. Approximately 12% of United Way of Forsyth County funds are spent on overhead expenses, allowing more dollars to go back into the community to help others. Money raised in your community stays in your community!
